Our ref. no. 7820

To National Bob & Skeleton Federations

### Ref: **FIBT Bob and Skeleton Schools**

Ladies and Gentlemen,

Herewith we would like to confirm you that the following bob and skeleton schools will be held:

from 20 <sup>th</sup> to 25 <sup>th</sup> October 2008:	Park City, USA:	Bob and Skeleton Schools
from 02 <sup>nd</sup> to 09 <sup>th</sup> November 2008:	Igls, Austria:	Skeleton School
from 09 <sup>th</sup> to 16 <sup>th</sup> November 2008:	Igls, Austria:	Bob School
from 23 <sup>rd</sup> Feb, to 01 Mar. 2009:	Lake Placid:	Bob and Skeleton Schools

There are various reasons why FIBT organizes such schools; mainly, FIBT has the purpose of promoting the bob and skeleton sports on a wider basis and providing help and support to those nations that do not possess tracks and haven't had a great tradition in these sports. Therefore, these nations are given priority in the admissions process to these schools.

The final goal of the schools is to provide a "basic preparation for the bob and skeleton sports" to the athletes of the above mentioned nations, favouring their participation in the competitive activities.

In order to be admitted to the FIBT schools, the candidates must abide by the following conditions.

Athletes must:

- belong to an FIBT-affiliated National Federation which does not possess a track and hold valid FIBT Licenses issued by their National Federation;
- be between a minimum of 18 and a maximum of 28 years of age (for Skeleton min. 16. **In preparation for the next Youth Winter Olympic Games, planned for 2012, this year the Bobsleigh Schools will also admit, with a limited number, candidates that are younger than 18 years of age and not under 16 years old**). Athletes under the age of 18 require the permission of their parents or legal guardian in order to exercise the sport of skeleton. The parents or legal

- guardian must sign the letter of permission and the signature must be officially notarized.
- be in possession of a medical certificate stating that they are fit to practise bobsleigh racing (or skeleton, according to the case);
  - be covered by insurance policy covering accidents due to bobsleigh or skeleton racing, third party responsibility, ambulance transport, medical treatment and hospitalisation.
  - be in possession of the following equipment: bobsled or skeleton (according to the case; exchanging bobsleigh and/or skeleton during the practice runs is only allowed in exceptional cases), integral helmet homologated according to ECE norms, competitions goggles, push-off shoes and gym kit (.FIBT does not make any sports materials and/or equipment available)
